

JAHANZAIB RAZA (MERN stack Developer)

Email: jraza198@gmail.com

Contact No: 03190237887

Address: House# 07,St#01,StaffColony Central Jail Kot Lakhpat Lahore

CAREER SUMMARY:

I am a dedicated MERN stack developer with 1 year of experience building dynamic applications with responsive frontends and robust backends. I am passionate about problem-solving, continuous learning, and taking on new challenges in web development to showcase my skills within a professional community.

WORK EXPERIENCE:

Single Solution

MERN Stack Developer | April, 2025 - Present

- Contribute to the development of both new and existing web projects. Develop scalable features and improve application performance.
- Following the Clean Architecture approach by keeping the UI and logic separate.
- Collaborate with other developers to update the website and create new features.
- Boost productivity with the use of LLM models to provide faster results and refining the code for scalability.

PROJECTS:

Wanderlust - Rental House Services (MERN)

- Property Listings & Management: Developed a full CRUD (Create, Read, Update, Delete) system allowing users to host, edit, or remove their property listings.
- Dynamic Search & Filtering: Built a robust search engine to filter properties by location, price range, date availability, and amenities.
- Secure User Authentication: Implemented JWT-based login and registration with encrypted password storage using Bcrypt.
- User Profiles: Created customizable profile pages where users can manage their personal information and view their listing history and many more.

Motex - Car Rental and Services App (MERN)

- Built a responsive React and Tailwind CSS UI featuring dynamic car filtering, interactive service booking, and real-time status dashboards. Optimized user experience with efficient state management (Redux) and high-resolution vehicle galleries.
- Developed a robust Node, Express API with MongoDB to manage complex inventories, secure authentication, and automated scheduling. Integrated Stripe for payments and cloud storage for scalable media management.

EDUCATION:

BS Computer Science (BSCS)

University of the Punjab

2022 - present

Intermediate in Computer Science (ICS)

Aspire College Township

2020 - 2022

SKILLS:

- **Frontend:** (HTML, CSS, Bootstrap, Tailwind, Daisy UI, JavaScript, React JS, Redux JS)
- **Backend:** (Node, Express, MongoDB)
- **3rd Party APIs:** (Stripe, Paypal)
- Familiarity with Server and client State Management Libraries like (Redux RTK)
